

CHANGE MADE IN
SCHOOL DISTRICTS

As had been anticipated, the State Board of Education has changed the school districts, creating a new one for Williamsburg alone. James City was tacked on to New Kent and Charles City. Making this city a separate school district was done at the request of the Williamsburg school board which also recommended Dr. Bennett as division superintendent.

For the new district composed of Charles City, New Kent and James City, the board has also appointed Mr. W. B. Coggins, who is recognized as one of the ablest division superintendents in the state. As long as this city can secure the very efficient services of such a distinguished educator as Dr. Bennett, the arrangement will, of course, prove satisfactory. Should the office be vacated soon, however, the State Board will probably add this city to the counties mentioned above. It is to be hoped, for the good of the schools that no further changes will be found necessary soon.

ANOTHER NEW BULLETIN

Commissioner Koiner is mailing the November Bulletin No. 70 to 55,000 farmers and others in Virginia. This publication should be read by every farmer in the State. It deals with the economic side of farming.

The first article "How to Save on the Farm" is full of practical suggestions with the introductory statement that the loss on the average farm, if prevented, would mean nice profits and make a brighter chapter in the history of farm life.

An article on "Losses in Farm Manure" gives some astounding figures and places the annual loss by poor care and waste at a greater sum than the fertilizer used in Virginia, which is \$7,000,000.00 annually.

The "Care of Farm Machinery" is another important article showing how losses occur on the farm. The statement is made that the life time of our farm machinery could be doubled by better care, making repairs in time, and proper housing.

"How to Make Pork at the Lowest Cost" is an article that should interest hog raisers.

The farmer's wife will, no doubt, be thankful to the Commissioner for the article on "Winter Wood Supply".

There is considerable inquiry by Virginia farmers as to the value and use of Ground Rock Phosphate. A very clear and comprehensive statement is made as to the circumstances under which this material should be used.

The "Importance of the Winter Cover Crop" is emphasized.

In another article the fruit grower is urged to pay more attention to "Winter Spraying" in order to destroy the scale more effectually and suggests that concentrated Lime-Sulphur should be used at the strength of one to eight, that is, one gallon of Lime-Sulphur to eight gallons of water.

AUCTION SALE
POSTPONED A WEEK

On account of some misunderstanding on the part of several persons who desire to dispose of various articles at the auction sale advertised for next Wednesday, and for other good reasons, the committee in charge have decided to postpone the sale one week, to Wednesday, December, 4th.

Information regarding the terms of the sale may be obtained from any member of the committee.

Please send a list of all articles that will be offered, to W. C. Johnston without further delay.

The Committee.

IDLE CHIT-CHAT

Editor The Gazette:

Have you noticed the following points of similarity? The name of our President elect begins with the same letter as the name of our first president—the father of his country. The first since Washington to begin with W. Then too the name end with the same letter, in fact with the same two letters. Again the names contain the same number of letters. Now I hear some one say that is wrong, but stop, our first president was never George but "Geo." President Washington was just fifty-seven years of age when he was inaugurated, and Mr. Wilson, when he takes the chair, will be in his fifty-seventh year.

Have we not a right to expect something very big? We trust he may make for himself and for his country a great name, one that shall rival the three great names, Washington, Jefferson and Jackson.

Another musing I have had, The names given by their parents seems to have been too burdensome for the only Democratic president since the war and our Democratic president elect. Can't they run faster, you reckon? They seemed to think they had too much name or too many names. Cleveland dropped his first name, Stephen, and Wilson dropped his first name, Thomas. Were they thinking of the martyr, Stephen, and the doubting Thomas? Cleve and, at the close of his second administration, was a martyr to a strict sense of duty. We hope Wilson will not doubt. To doubt is to be d—d. Sq.

DR. WHITLEY BACK TO WILLIAMSBURG

Methodist Conference, after being in session for a week in Lynchburg, adjourned yesterday morning. Dr. J. T. Whitley, the beloved pastor of the Williamsburg charge, has been returned another year as was hoped and expected. The Rev. D. T. Merritt, formerly pastor here, was sent to Smithfield. The Rev. E. K. Odell was returned to South Boston. Rev. J. N. Latham goes to the Court Street church, Lynchburg. Rev. J. H. Moss was returned to Ashland.

Other appointments of interest to our readers were those of the Rev. W. A. McAllister, Charles City; the Rev. J. E. White, returned to Toano; the Rev. R. H. Potts to Monumental, Richmond. Dr. B. F. Lipscomb remains presiding elder of the Norfolk district in which Williamsburg is located.
